sex-obsessed men and women share their tales of lust at work

sex on the job

Whether you are a banker, a baker, or a housewife, there are things that go on in your everyday life that can blow your mind. There are some jobs that are more of a turn-on than others, while some people turn others on for a living. We have listened to many of our readers and what turns them on about their jobs.

For instance, Emily is a secretary who works at a downtown insurance company; Dave is a high school teacher; Laura is a showroom model; Monica works as a supermarket checkout girl; Gene is a carpenter; and Lucy is a hairdresser. All of these people and others have shared some of their experiences in the ways that they were turned on at their place of business.

It is almost impossible to say what will turn you on. Maybe it's someone you meet, or a boss or coworker that does it to you. In the case of Emily, it started when she was assigned to a new boss at the office where she works. It was a young man about eight years younger than her. "When I was first assigned I was not too happy. I was working for the company for about three years and Mr. B., for whom I was assigned to be his personal assistant, was very good to me. He was a much older man and he always treated me with respect; it was a pleasure to work for him.

"Our business is so that it requires a lot of late hours just to keep ahead. If we worked late at night Mr. B. would always buy us dinner and make sure we got home alright. He was married to a wonderful woman and I had been to their house on many occasions. Mr. B. retired and I was reassigned to Mr. J. I have been divorced for four years and for a 38-year-old I think I'm in decent shape. I exercise a lot and play tennis and watch my diet.

"After the first week of working with Mr. J., I began to relax and it seemed he became very dependent on me, which made me feel important. One night at about 4:00, he asked if I would be able to work late and I said yes. He then asked if I would have dinner with him. We went to a little restaurant not too far from the office. We had drinks before the meal and a drink with dinner. We started to get into each other's personal lives. I found myself very calm and interested in him, and it seemed as if he was feeling the same.

"When we got back to the office, we started right back to work and after about an hour we took a coffee break. While standing around the machine he told me he was very happy that we were working together and that he found me to be very attractive. I started to blush and a warm feeling came over me. I think it must have been the drinks because while listening to him I began to fantasize what he would be like between the sheets.

"I must say I don't do this often but when a man makes me feel good my mind just begins to wonder. I don't normally do anything about these feelings because I'm sure that they would not be as good as I imagined them to be. After another hour Mr. J. said to call it quits, and since it

was a Friday night, would I like to go out for a drink. I was caught a little off guard yet I accepted. After another drink I was feeling really good and the conversation touched on sex, but very politely. I had started to think of my boss in somewhat businesslike terms when I realized that after another drink, I would start to lose my inhibitions.

"After all, not only was Mr. J. my boss, he was also eight years my junior, but what the hell. You only go around once and you might as well go the right way or the way that makes you feel good. When we were finished, Mr. J. asked if he might see me home. I didn't think I was capable, so I thought it would be better. In the cab we were laughing pretty much and when we got to my place I invited him up. Once inside, I started to make coffee and he sat on the couch. I came back and we just began talking. I didn't remember being this at ease with someone in a long time. We started to talk about sex and I was asking him about his exploits when he confessed that he hadn't had many since he had spent all his time studying.

"I think I moved towards him—or maybe it was mutual—because before I knew it we were embracing and our bodies were held tightly together. One thing led to another and we had moved to the bedroom and shed our clothes in the process. Under the covers that man had quickly found out what he was missing by studying all the time, while I learned to be a little looser with people. Mr. J. had spent the weekend learning all the positions that I knew and had never before tried. When Monday rolled around, we both went to work with only a knowing smile and a promise to see each other again."

Emily is a perfect example showing what can happen when two people spend all their days together and it looks as if there will be a few nights of fun. Emily and Mr. J. just felt something and planned nothing, which is how these things happen.

Dave, the high school teacher, also did not plan his encounter.

"I teach high school in a suburb and the people are all friendly with each other. I know almost all the other teachers and all of my students. Some time ago one of my students started to give me the eye. At first I thought maybe I was putting something into it that wasn't there and of course everybody knows that teachers had better keep their hands off of their students.

"But whoever made up that rule had never met Nina. She was 18 years old and was very well-developed, and more of a woman than others I had met who were much older. She had an A average and was a delight to talk to. As the weather got warmer her clothing had become skimpier. One day she came in wearing a halter top and shorts and I thought I might lose control. The class was over in an hour and I was free till the next class, so I went to the faculty lounge and had coffee with one of the other teachers.

"It had seemed as he too was beginning to feel the burden of working with young girls who, in their own way, got a kick out of turning on the teacher. After a few minutes I was alone and Meg, who is the girls' gym teacher, sat down. 'I am sorry for bringing this up but I was sitting behind you and overheard what you said, and the way to get over this problem is to work it off,' Meg said. At first I was a little embarrassed, but then I thought I was going to get some lecture on how my body was going to hell. Much to my surprise I got neither. Instead, what I got was a dinner invitation for that night and a promise that I would have some of my pressures relieved.

"After school let out, I had to stay and correct some papers and do a bit of clean up. Sitting alone, I was startled when Nina appeared to ask if she could talk to me. I said of course and she sat at the desk in front of mine so that I could see right into her eyes. Her problem was that she thought that boys her age had only one thing on their mind. And she thinks she would like to find out what it would be like with someone older.

"I know this sounds like one of those clichés but I never thought it would happen to me—and I wasn't really

sure it was happening now. I gave her the old song and dance about the fact that she was a very smart young lady and that she was advanced for her age. Also, she would be going to college the following year and she was bound to meet a great many older guys. It wasn't something that she had to push, and she looked up at me and told me she did not want to wait and she feels closer to me than any other person. She also added that she realized that it might take some time to adjust to what she had just said and she would be patient but she would not give up. And with that, she left. I tried to stop her but she had run out and I thought I could talk to her the next day.

"When I sat back down I was having trouble keeping my mind on the task at hand. The thought of that young girl kept popping into my head. I began to fantasize an entire scene: Nina coming in after school like she just had, only her conversation was a little more heated and I could feel myself getting hard under my desk. Nina was asking if I would like her to crawl under my desk and take my cock out and suck on it till I came. While she was talking, her nipples started to appear under the halter she was wearing. My mind was just wondering when Meg came in and told me to be at her place at about 8:00 and bring some wine.

"After a shower and change of clothes, I went over. On the drive over I started to think of Nina again and I could feel myself getting hard once again. Meg had come to the door in a long-slit skirt. She was not a great-looking woman; her face was sort of plain but her body was in great shape, very tight but not too muscular for a small body. This night she looked great.

"I fixed us some drinks while she was in the kitchen preparing dinner. After a great dinner Meg told me to lie down on the floor and she would help me relieve some of my tensions. I did not have to be asked twice; it had been quite a day and I was ready for anything. She put a pillow under me and I lay on my stomach. Meg started rubbing my neck and told me I would feel better if I removed my shirt. After this was done, I lay back to enjoy.

"Meg sat on my ass and started working her way down my back. She was right; as I was beginning to feel relaxed she started to talk about all the sex that goes on at school. She related a story about how she had gone into the locker room after a game and found one of the players with a cheerleader kissing away, with his hands under her sweater and her hands rubbing the front of his shorts and causing them to bulge out. Meg said that she was going to say something but she found herself getting carried away and somewhat excited. She continued to watch them until they left to find someplace else to continue, and she went to her office and gave her clit good tweaking.

"Needless to say, this kind of talk was having an effect on my own bulge and with the rubbing-it seemed that I began drifting and totally relaxing. After a little while longer she told me to get up and we would be more comfortable in her bedroom. Again she did not have to ask twice. Once inside she told me to remove my clothes and wrap myself in a towel if I wanted. I must admit I was a bit self-conscious; my cock was sticking out, forming a tent out of the towel and she had me lie down on the bed, telling me when she got finished relaxing my back she would move to my front and really show me how to relax.

"I became very out of it and almost dozed off when she told me to roll over. The towel did not move so well and I was lying there with a hard-on. Then she bent down to take the head of my dick in her lips. It felt like velvet. I felt ready to explode very quickly but Meg slowed down and pressed her fingers behind my balls and the feeling soon passed. Later that night I found myself in Meg's arms and her in mine and we spent a very enjoyable evening.

"The following day we went to school together, and I thought my future sex life looked very promising. And maybe I would let Nina try and talk me into something."

Both Emily and Dave were turned on at their place of work but continued their fun when they went home.

Laura, on the other hand, was turned on at work "I am a showroom model in New York and I love my job. I have always loved clothes and I think I have a great body for wearing them. The job has some drawbacks though. You have to try on clothes for a lot of different people, some of them being very sleazy.

"There are the guys who ask you to try on a sweater or a bathing suit and then put their hands all over you, telling you they want to see how well the fabric stretches. The boss looks on and tries to be nice about it and when the sale is made, apologizes to me. We are not too big so there are a lot of times that I am left alone to make the sale. I don't feel bad about this because I only do it to the people I like.

"A woman buyer came in not too long ago late in the day. She had been in many times before and she is very business-oriented. She wanted to see our whole line as she was leaving town for a while and this was the only chance she had. We started to show her the line and it was getting close to 5:00, so some of the girls were leaving. This made a little more work for the rest of us but I did not mind, knowing that I would collect overtime and had nothing planned for the night.

At 5:30 we had just started bathing suits and I had seven to model. My boss had to meet some people at 6:00 so he asked me if I would stay and continue to show the line while the woman wrote her order. Why not, I thought; I was going to be asking for a raise and this would help my chances. We were showing Danskin styles; some were low cut in the front and backless. All of them were sexy and it did not seem as if the woman was looking at me at all. When my boss had left I continued to show our line. After two more suits, she looked up to ask if we had any strings. I went back to change and found that everyone else had left but I had the key so that I could lock up which is what I did, not wanting anyone just walking in while we were in the back and no one in the front.

"I changed into this skimpy thing and went back out to the showroom. The woman looked up for what seemed like the first time, and even came over to check the fit and the cloth. She stood behind me and had me walk around. Then she would pull a little on the strings, have me walk around again and I was beginning to feel a little conscious of the fact that I was parading around in almost nothing.

"It seemed that her breath was coming a little faster. Her nipples were also starting to protrude from the front of her top. It also seemed as though her touches were a little more than just for fit—and there wasn't that much to fit. She had slipped her fingers inside the top to see how the elastic was and she brushed along my nipple. It sent a chill through me and I could feel my nipple stiffen. She then moved to the other side and repeated the process. When she did not see me pull away, she became a little braver and put her hand inside the cup and cupped my breast, pushing outward. She said she wanted to 'test the stretch.'

"I have to admit I was getting a thrill from the whole thing. The woman started telling me how I was in great shape and must have plenty of men chasing after me. I told her no, I lived with a girlfriend and stayed home. My voice started to crack as I thought about being turned on by her touches. All of a sudden she stopped and I was a little hurt, but then came to my senses. We had just started a line of underthings and she asked if I could bring out a few samples to show her and she was back to business. I began to wonder if this woman wasn't what I thought she was.

"As I was walking back to the dressing room, I decided to put it to the test by trying on the underwear and attempting to see if that would have any effect on her. I should say that I had never been with another woman before but the thought had interested me and this seemed as if it might be a chance. The woman was twice my age; had a good figure for her age; dressed very well and looked great. I first put on a pair of bikini panties and matching bra and walked out. I was also feeling a little discomfort between my legs.

"'Oh my dear, you did not have to model them,' she said and I was a little put off. But she added that she was

glad I did so and that she had a better idea. I paraded around her a few times and was starting to get into it. Again she started testing the fit and then she began to pull at the panties between my legs. Her fingers touched the outer lips of my vagina and a thrill shot through me and I almost lost my balance. She continued her touching and I felt myself start to get wet. Since she seemed to be mostly business I became a little nervous. She had to have noticed that I was getting off on her touching but she just continued, doing nothing further .And then, just as before she just stopped, leaving me standing there.

"After another moment I went to the back again and decided to put it out in the open—or at least try. I put on a pair of transparent panties and bra and started to rub myself, first my nipples to make them erect then, lightly over my clit. After a few seconds I went out. This time I did have an effect on her. Her breathing had picked up and she was stammering in her speech. I felt great and started to march around and very lightly, I would touch my own nipples to keep the feeling. She stood up and came behind me again and had me face the mirror so that she could judge how tight they were.

"She pressed against me and started to run both hands over the front of my panties to see how flat they were on my waist. Again her hand dropped a little lower so that she could see how tight the inseam was, only this time she touched the outer lips of my vagina and went further, slipping two fingers into my wet body. I could feel an orgasm coming up from my feet. I stretched my head back and she started kissing me on the lips, forcing her tongue into my mouth. The muscles of my vagina were forcing the lips to open and close around her fingers. For the first time in my life I was coming from another woman and she sensed every spot on my body to turn me on, and was touching them.

"Finally, after my first orgasm had come and gone, she had me lower my panties so that she could move around more, and then remove them altogether. She had me sit on the edge of the desk so that I was barely touching it. She then sat on the chair and moved it closer so that her face was even with my belly. Then, leaning forward, she started to blow warm air over my pussy, moving closer until her lips were so close that they felt as if they were touching but they weren't.

"I felt as if I would scream if she did not do something soon. She knew this and continued teasing; lightly pulling on my lips and then her tongue came out and ran along the entire length of my pussy. I cried out and clutched on to the desk. I moved closer and was rubbing myself along her tongue as another orgasm wracked my body.

"I do not know how much longer we were there but it seemed like days. Then she invited me to spend the night and to take the order and tell my boss how, without me, she would never have ordered as much."

Monica is 21 and has been working at a supermarket checkout for about eight months. "A few days ago I was in the back of the store with one of the stock guys. He was a lot older than me and not what I considered sexy at all. I don't have a steady boyfriend, leaving me to see different guys without any problems. I think I enjoy sex as much as the next person, in fact maybe a little more. Anyway, here I was with this guy old enough to be my dad. As we were working he kept making all these wisecracks about what he's like in bed and I am teasing him about keeping it up.

"After another 45 minutes we were both kind of warm and he suggested we take a break and get some fresh air. He really wasn't a bad guy. He had two daughters around my age, and he started to talk about them and how he caught them almost doing it with their boyfriends one night and he got so upset about it. I got mad at him and told him that if they were sons he would be upset if they hadn't scored. He told me that I am a little 'such and such' and that all I need is to get my ass reamed and I would learn a little respect. I yelled at him to get bent and said I haven't met a

how it all got started

To tell the truth, no one has ever asked to interview me of hear my story.

My stage name is Alex, I'm 26 years old, live in Ventura County – and I've been in porn for two years now. To tell the truth, no one has ever asked to interview me of hear my story. It's always the girls that get the attention. And deservedly so. They bust ass, no pun intended, fucking in all sorts of situations and the turnover is tremendous. For a girl to last two years is highly improbable. For a guy, it's a little easier, unless you fuck it up. Men's faces are rarely seen, sometimes not at all, so that helps with the longevity. Anyway, I'm glad I have a forum here to tell you how I got started.

So, we're on a houseboat in the middle of Lake Piru on a warm summer night with my friend Chris, his wife, LeeAnna and her best friend Sonja. They've all come to visit us from Pasadena. While Chris has been here before, the ladies are here for the first time. After working a week in Ventura, we decided to take a day off and float on the lake and take in the peace and the sun.

I've known Chris for a year or so, having done some gaffer work together for various production companies. LeeAnna is a make-up artist and Sonja does set design work, They had started drinking back at the hotel and when I picked them up, they were already 'happy.' That made me the designated driver and boat captain. We finally make it to the boat and pushed off from the dock. I doubt that we are a hundred feet from shore when LeeAnna and Sonja undress one another completely naked and kick back on the deck chairs. Within a few minutes, Chris comes up on deck from below.

Chris sees the naked ladies and walks over to them. They mumble something to him and he takes off his shirt and shorts. He sees me at the wheel and gives me two thumbs up. Sonja gets things started stroking Chris's cock as LeeAnna occupies his mouth. Sonja gets on her knees and wraps her lips around his long shaft to deliver a sloppy blowjob. LeeAnna soon joins her girlfriend and takes her turn sucking on Chris's cock.

Then Chris slides down onto the deck. LeeAnna can't keep her mouth off of his cock. Sonja kneels, massaging her upturned

tits as he caresses her wet slit. After exchanging a long kiss, the girls change places so that Sonja can lean back into Chris's arms as his hands roam over her smooth, glistening skin. LeeAnna slides her fingers deep into Sonja's wet pussy, flicking her wrist back and forth as her lover moans.

LeeAnna and Sonja soon change positions again so that LeeAnna can resume her blowjob. Her ass is now high in the air, opening her dripping pussy to eager sweeps of Sonja's tongue. Things get hotter than ever as Sonja shifts from using just her tongue and lips to enticing LeeAnna with gentle nips. Chris can't wait any longer to sink his cock deep into one of the beautiful pussies sweating there on the deck. He takes Sonja from behind, thrusting into her juicy hole with rhythmic strokes as she continues working her magic on LeeAnna's sensitive clit.

I'm watching all this from above, surprised to see this type of action, but egging them on. Now it's LeeAnna's turn to have her pussy fucked. Chris moves forward to push deep into her tight hole. Meanwhile, Sonja crawls above LeeAnna, spreading her thighs so that LeeAnna can drive her tongue into her shaved slit. LeeAnna bends at the waist and their pussies are in the perfect position for Chris to fuck Sonja while simultaneously eating LeeAnna out. When Chris pulls out of Sonja, LeeAnna doesn't let him get far before she grabs his engorged member and continues sucking it.

Not to let a hard cock go, Sonja rolls onto her hands and knees so Chris can pump into her with hard, fast trusts. Her orgasm rolls through her as she gasps and moans, shuddering with the force of her release. LeeAnna mounts her man in reverse cowgirl style next. She climaxes swiftly, moaning with obvious ecstasy. As LeeAnna comes down from her orgasmic bliss, Chris motions me to join in. I've got a pretty big cock and it's been hard and ready for a while now. I just didn't want to break up their party.

Almost immediately, Sonja eagerly wraps her lips around my dick and bobs her head as she works it. Wishing to please me too, Sonja and LeeAnna kneel before me and compliment me on the size of my cock, For a moment the blood rushed from cock to my face and back again. Then LeeAnna begins by using her hands and lips to stroke and suck me. Sonja gets behind me and grabs my balls from behind giving them a hard squeeze. Uncontrollably, my hips start to thrust rhythmically into LeeAnna's mouth. I think she sensed I was about to cum and LeeAnna eagerly takes my load into her mouth. She waits for me to stop spurting and then drips the milky liquid love into Sonja's waiting mouth. The girls slosh it around their mouths and have a little bit of fun with it.

After we finish, the two girls go below deck to clean up. Chris is laying back, spent, in a deck chair. A few minutes later they emerge from below. I'm back on top steering us around to another spot when Sonja comes up and takes the wheel as LeeAnna begins to rub on me. In unison, they say they want to be fucked by my big cock and pull down my pants. I hope we don't run aground!

Back on shore, we all have dinner and the girls talk me into seeing another friend of theirs. She's a porn producer and they think she will go for me – that is if I want to become a porn stud. Two weeks later I meet all three and they convince me to do it. You may not know my face, but you'll probably recognize my cock.

BLAIR-NTS-12

Tera loves to get down and dirty. Her mouth always drives her man crazy! While the sex itself is fantastic, she just can't get enough of the feeling of sucking dick. And she takes it well! After she finishes gulping down his cock, it slips right into her tight pussy. Of course, she has to have her man finish in her mouth. He surely wanted to do it earlier, but holding out till he could pleasure her pussy made her feel that much better!

Victoria told us she'd been shopping all day at her favorite lingerie store. She brought the outfit home and tried it on for her two friends, who just so happened to stop by for a treat. They told her she looked marvelous. She told them she had another surprise and pulled out a large red vibrator from her shopping bag. She stripped, putting the vibe to good use. But she convinced the guys that their cocks were better.
